**DISCLAIMER**  
This drawing is intended for reference and illustrative purposes only. It is neither a legally recorded map nor a survey and it is intended to be used as such. The information displayed is from a compilation of records, information, and data developed and obtained from various sources. The data layers were created from different sources at different dates, and the actual or relative geographic position of any feature is only as accurate as the source information. If discrepancies are found, please contact the Columbia County GIS Office at (717) 387-4000.  
  
Planimetric and topographic data were compiled photogrammetrically to National Map Accuracy Standards for 1:25,000 and 1:50,000 scale mapping using first-order fully analytical digital stereocomparators from aerial photographs dated April 1995. This mapping was controlled and established from ground points captured using first-order global positioning systems equipment. Geographic coordinates were based on the Pennsylvania State North Coordinate System, NAD 83, and North American Datum 1983.
